

ONE ONE WEAVE – PATTERNING

一一織板之挑花

We have been using this one one weave tool as an alternative to our floor looms. In different parts of the world, different cultures use it to weave patterned tape. In China in the Suzhou area, it is used to weave narrow bands that are used on aprons. I am glad to have met Madam Sheng, who used to this weaving when she was young.

In 2 sessions, she will teach us how to warp, design and weave different patterns.

A bamboo tool set will be provided. You can buy it at \$200 if you want to keep it. You can also bring your one one weave heddle if you already have one.

SATURDAY 23rd and 30th Oct 8th 2010

2:30 – 4:30 pm (2 hrs) afternoon

**Fees: \$550 per person, materials included

一一織板，我們一直用來織簡單的平紋。而世界不同文化，用此工具織出花紋。在中國上海蘇杭一帶，曾用來織圍裙的花腰帶。我有幸認識無錫的沈婆婆，她年少時便織帶。在兩課中，她會教我們穿經、設計及挑花，織出不同圖案。

我們會用她在家鄉做的竹架，你用後喜歡可以\$200買。如你已擁有我們的塑料織板，歡迎帶來。
