

EUCALYPTUS - NATURAL DYE WORKSHOP 由加利 – 天然染工作坊

Thanks to FLORISTKIM(www.floristkim.com) for supplying us with his surplus material, inspiring this workshop. Different species of eucalyptus give a range of colours, both in the leaves and the bark. We will explore the colours in two sessions, with tie dye and clamp dye methods.

感謝 **FLORISTKIM(www.floristkim.com)** 送我們他們的由加利餘料，引發這次工作坊。不同品種的由加利，染出不同的色系，葉枝都可取色。兩星期的探索，扎染及夾染都會用上。

First session Oct 18^h 2009 Sunday 2:30-5pm (2.5hrs)

We will introduce the basic concept of natural dye, the preparation of the dye pot, mordant and fibers. We will dye with the leaves using alum and iron mordant, using silk, cotton, wool fibers, and tie dye techniques. You will take away a variety of samples.
